

Once you log into your LINQ account (<https://linqconnect.com/main>), you will click on the three lines on right side of the screen.

A menu will pop up and you will select "Meal Account".

Next, you will scroll to the bottom of the page where you will find "Purchase Limits", you will click on the "ADD" button.

Finally, you will add your purchase limits. For example, if you do not want your student to purchase any snacks on any day, you will select "Item Limit", for "Frequency" you will select "Per Day", and for "Day" you will put 0 for the "Item Amount". Remember to hit the "SAVE" button to update these changes.

If you have more specific notes or would like to specify days of the week that snacks can be purchased to your student's account, please contact the School Nutrition Office at (704) 836-9110 (Ext #1).
